

STEP ON HOW TO SEND DDK

by DDKoin Support

You can send your DDK to other user account by following these steps:

Go to dashboard click **“SEND”**.

The screenshot shows the KOIN dashboard interface. At the top right, there are buttons for 'STAKE' and 'SEND'. The 'SEND' button is highlighted with a red box, and a red arrow points to it from below. The dashboard displays various statistics and a 'Latest Transactions' table.

Dashboard Statistics:

Metric	Value
Total Supply	45000000
Circulating Supply	16830874.7043
Token Holders	409736
Your DDK Liquid	0
Your DDK Frozen	0
Total Connected	7
Total Stakeholders	140442
Total Stake Amount	14434967.3209

Latest Transactions Table:

TRANSACTION ID	SENDER	RECIPIENT	TYPE	TIME	STATUS	AMOUNT (FEE)
[Empty rows]						

Then, enter the address you want to send. Please **double check on the address** to ensure you put the correct address. Please note that this action cannot be undone once you click “SEND DDK”. Hence, make sure the address of recipient is correct. DDK management are not able to trace your DDK if it was sent to wrong address.

Insert the amount of DDK that you want to send out and put your 1st/2nd passphrases. Click on “SEND DDK” button to complete the sending process.

Send DDK ×
