

## STEP ON HOW TO SELL DDK IN EXMARKETS

by DDKoin Support

You can sell your DDK at ExMarkets account by following these steps:

### 1. How to Send DDK to ExMarket Account

Step 1 : Go to DDK mainnet dashboard and click “SEND”.

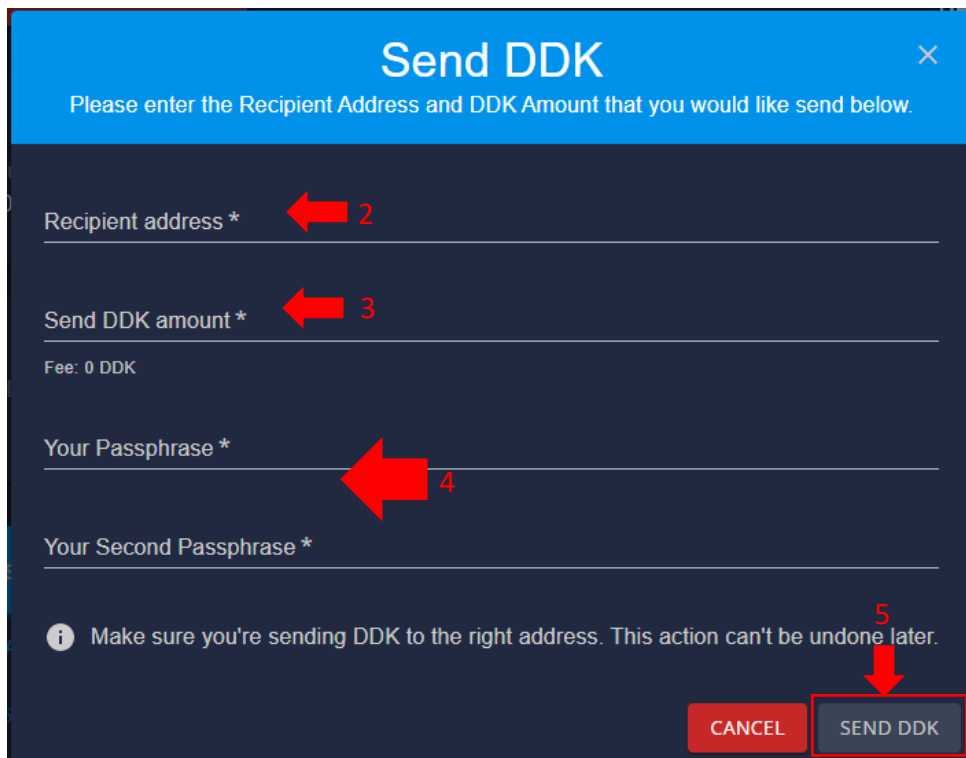

The screenshot shows the KOIN DDKoin Mainnet Dashboard. The top navigation bar includes the KOIN logo, a 'NEW CORE MAINNET' badge, an 'IMPORTANT ANNOUNCEMENT' button, and a balance display showing '0 DDK'. To the right of the balance are two buttons: 'STAKE' and 'SEND'. The 'SEND' button is highlighted with a red box and a red arrow pointing to it, with the number '1' below the arrow. Below the navigation bar, the dashboard is divided into two main sections. The left section is a sidebar with a 'Your ID' (4638742238684093827) and buttons for 'COPY' and 'QR'. Below this are menu items: 'Dashboard', 'Delegates', 'Blockchain', 'Stake', 'Referrals Chain', and 'Airdrop Statistics'. The right section contains a grid of eight statistics cards: 'Total Supply' (45000000), 'Circulating Supply' (16830874.7043), 'Token Holders' (409736), 'Your DDK Liquid' (0), 'Your DDK Frozen' (0), 'Total Connected' (7), 'Total Stakeholders' (140442), and 'Total Stake Amount' (14434967.3209). Each card has a small icon in its top right corner. Below the statistics grid is a 'Latest Transactions' section with a table header: 'TRANSACTION ID', 'SENDER', 'RECIPIENT', 'TYPE', 'TIME', 'STATUS', and 'AMOUNT (FEE)'. The table body is currently empty.

Step 2 : Enter your ExMarkets address. Please **double check on the address** to ensure you have added the correct address. Please note that this action cannot be undone once you click “SEND DDK”. Hence, make sure the address of the recipient is correct. DDK management will not be able to trace your DDK if it was sent to the wrong address.

Step 3 : Insert the amount of DDK that you want to send out.

Step 4 : Enter your 1<sup>st</sup> & 2nd passphrases.

Step 5 : Click on “SEND DDK” button to complete the sending process.

The screenshot shows a 'Send DDK' form with a blue header and a dark blue body. The header contains the title 'Send DDK' and a close button. Below the header, there is a instruction: 'Please enter the Recipient Address and DDK Amount that you would like send below.' The form has five input fields: 'Recipient address \*', 'Send DDK amount \*', 'Fee: 0 DDK', 'Your Passphrase \*', and 'Your Second Passphrase \*'. Red arrows with numbers 2, 3, 4, and 5 point to the first four fields respectively. At the bottom, there is a warning message: 'Make sure you're sending DDK to the right address. This action can't be undone later.' and two buttons: 'CANCEL' and 'SEND DDK'. A red arrow with the number 5 points to the 'SEND DDK' button.

Note:

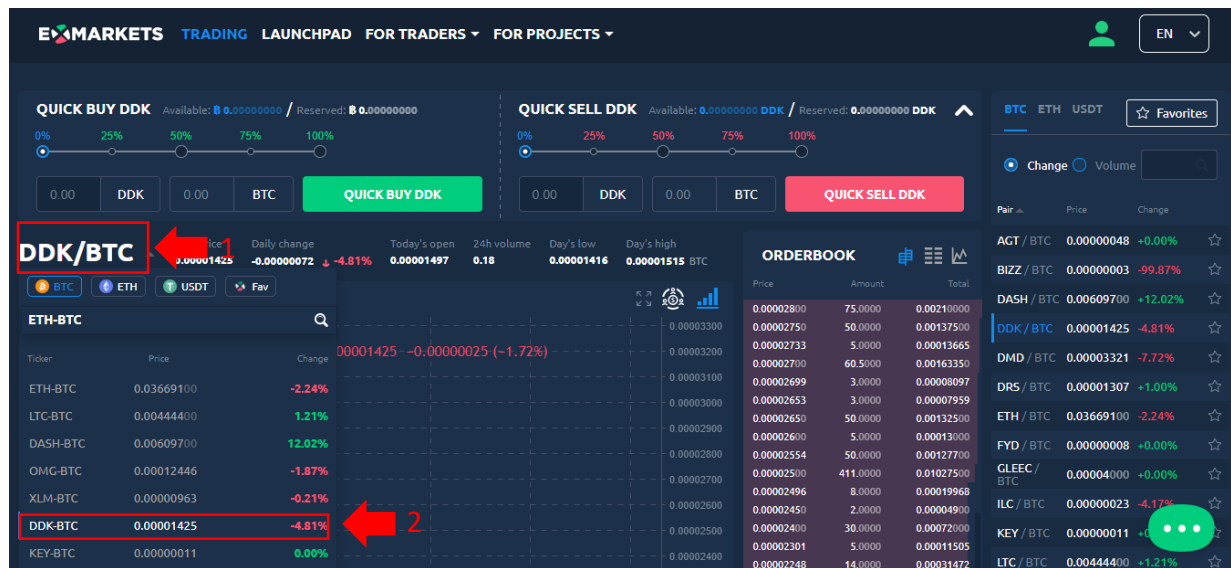

- Please make sure your DDK is enough as the fees for sending DDK is 0.01% from the send amount.

## 2. How to Sell DDK in ExMarket

Once your account has been funded by DDK, go to the “TRADING” page, and select a trading pair.

Step 1: Choose your pair either DDK/BTC or DDK/ETH or DDK/USDT.

Step 2: Check the last price for the pair.

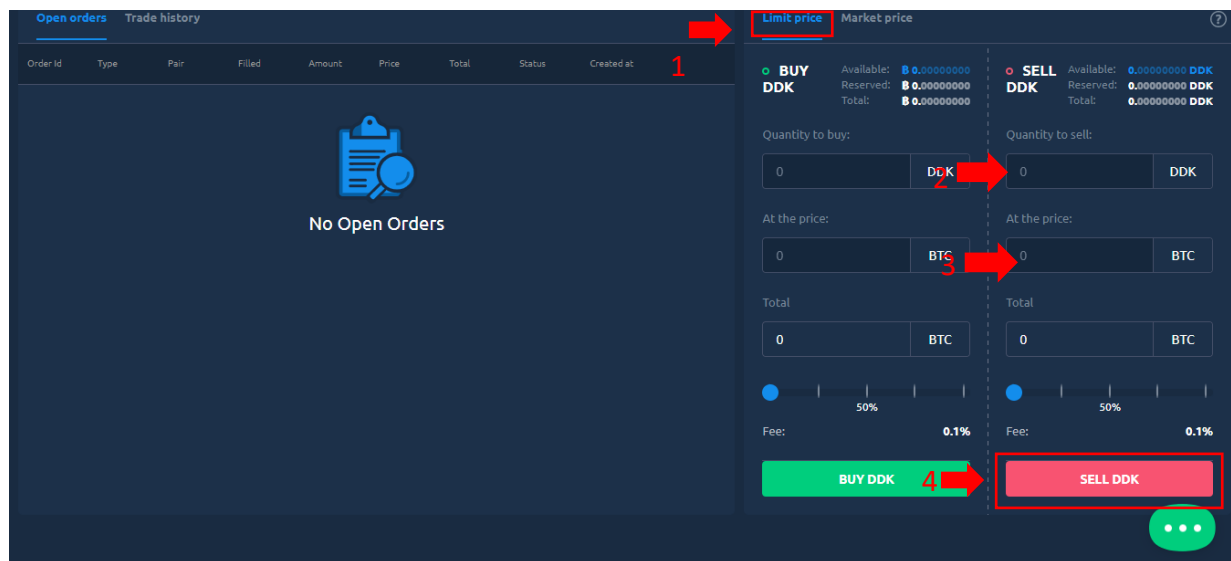

The screenshot shows the ExMarket trading interface. At the top, there are tabs for TRADING, LAUNCHPAD, FOR TRADERS, and FOR PROJECTS. Below these, there are sections for QUICK BUY DDK and QUICK SELL DDK. The main area displays the DDK/BTC trading pair, with a table of prices and a chart. A red box highlights the DDK/BTC pair, and a red arrow points to the last price of 0.00001425. Another red arrow points to the price change of -4.81%.

Step 1: Scroll down to the Limit Price Option

Step 2: Enter the amount of DDK you want to sell.

Step 3: Insert “At the price” section by copy and paste the last price at the top of the Trading page.

Step 4: Click on the “SELL DDK” button.

The screenshot shows the ExMarket trading interface with the Limit Price Option selected. A red box highlights the Limit Price section, and a red arrow points to the 'Limit price' tab. Another red arrow points to the 'At the price' field, which is set to 0.00001425. A third red arrow points to the 'SELL DDK' button. A fourth red arrow points to the 'BUY DDK' button.

Your token will be funded automatically into your account when someone is buying DDK.

If you don't want to wait and want to sell your DDK quickly, you may also sell it through the **Quick Sell DDK** section.

Step 1: Put the DDK amount that you want to sell.

Step 2: It will show the amount BTC/ETH/USDT you get for the DDK you want to sell.

Step 3: Click on the "Quick Sell DDK" button then the transaction will immediately take place.

Through the quick sell feature you don't need to wait for others to buy the DDK, you can immediately sell it. But there is a difference in the price range.

The amount of BTC/ETH/USDT will be funded automatically into your ExMarket account.
