

STEP ON HOW TO BUY DDK

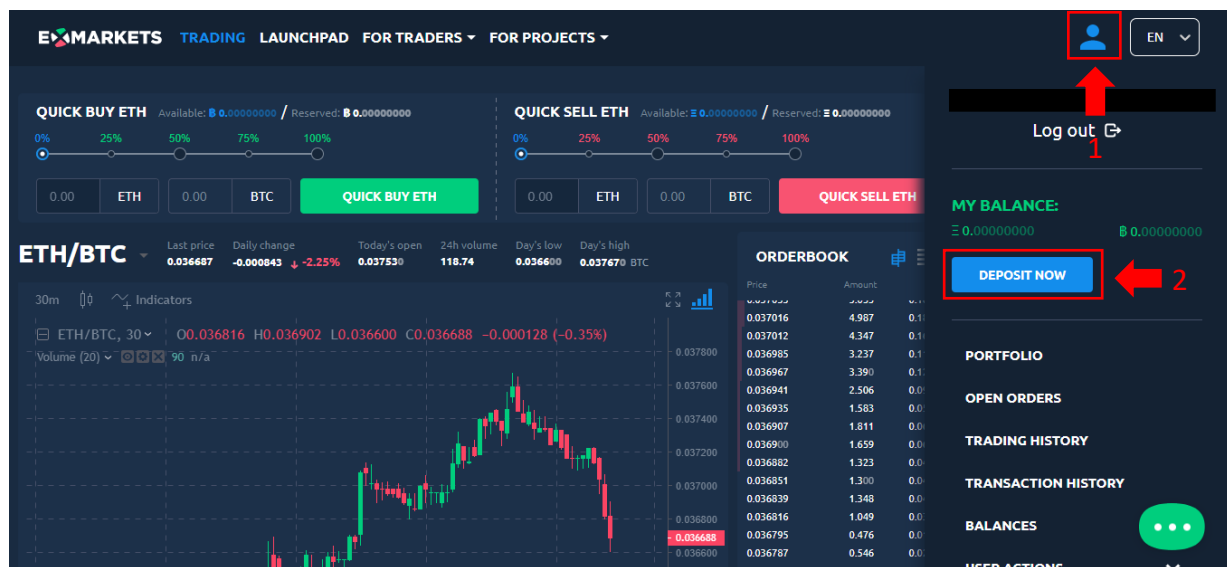

by DDKoin Support

You need go to ExMarkets page: <https://exmarkets.com/home> and create your own account.

Before you want to purchase DDKoin on the Exmarket Exchange, you need to ensure that you have added some funds in your ExMarkets account either in BTC/ETH/USDT to be able purchase and trade the DDKoin.

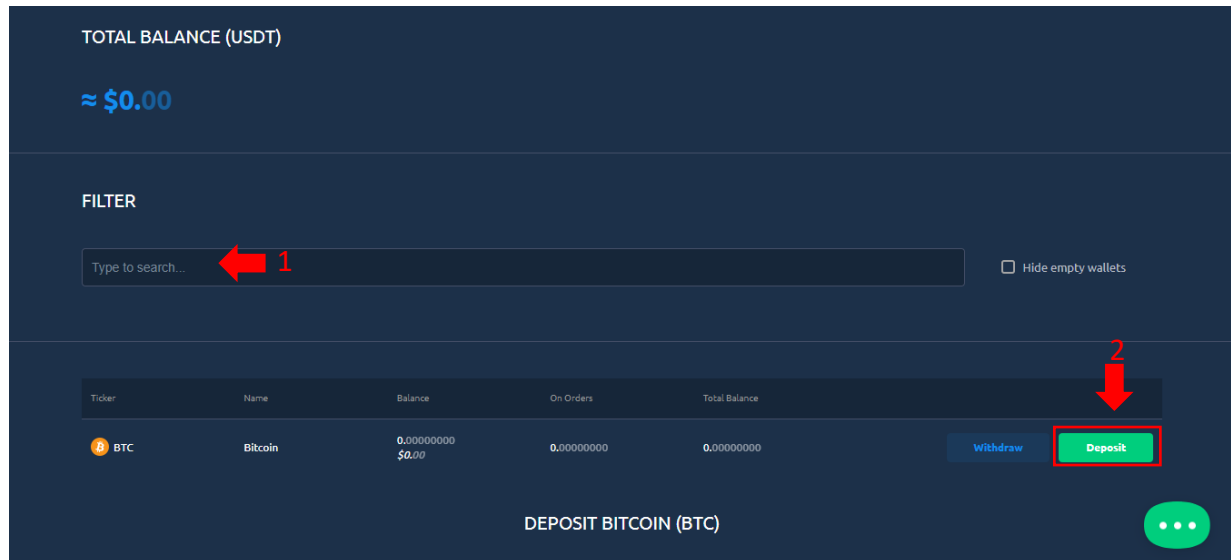

1. How to Deposit BTC/ETH/USDT in ExMarket Exchange.

After logging in to your account, click on profile button and select "DEPOSIT NOW".

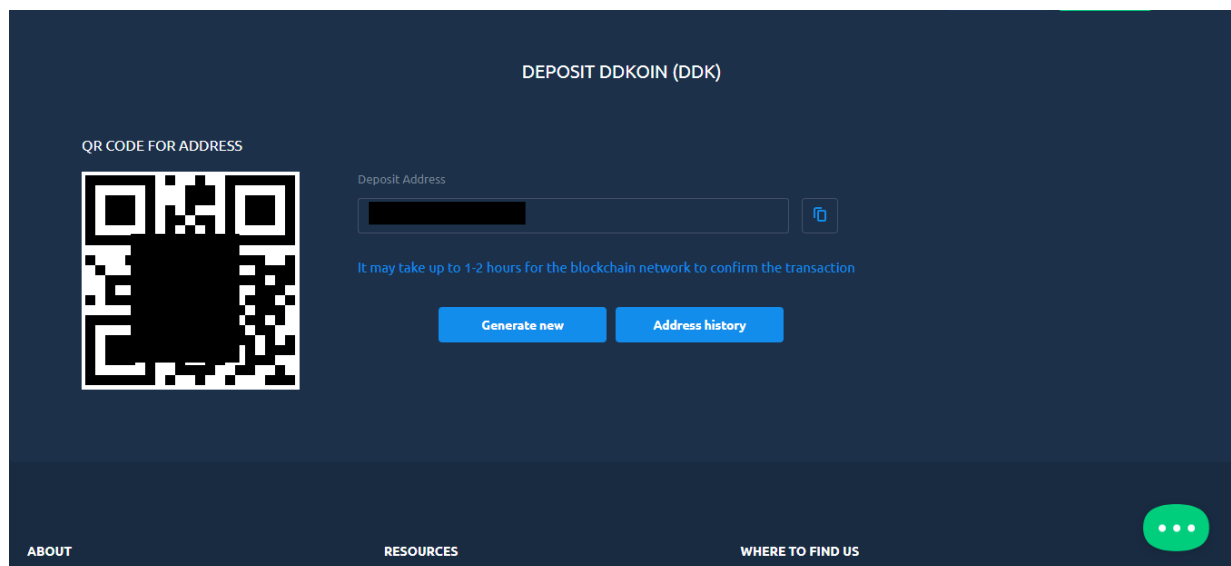

The screenshot shows the ExMarkets trading interface. In the top right corner, there is a user profile icon (a blue circle with a white person silhouette) and a dropdown menu with 'EN'. A red arrow labeled '1' points to the profile icon. Below the profile icon, there is a 'Log out' button. In the center of the interface, there are two sections: 'QUICK BUY ETH' and 'QUICK SELL ETH'. Below these, there is a section for 'ETH/BTC' with a candlestick chart and various price indicators. On the right side, there is a 'MY BALANCE' section showing '0.00000000' for both ETH and BTC. Below this, there is a blue button labeled 'DEPOSIT NOW' which is highlighted with a red box. A red arrow labeled '2' points to this button. Below the 'DEPOSIT NOW' button, there is a list of 'PORTFOLIO' items including 'OPEN ORDERS', 'TRADING HISTORY', 'TRANSACTION HISTORY', 'BALANCES', and 'USER ACTIONS'.

Then search for BTC/ETH/USDT and click “DEPOSIT”.

The system will generate a special address for you to deposit your BTC/ETH/USDT into your ExMarkets account.

Note:

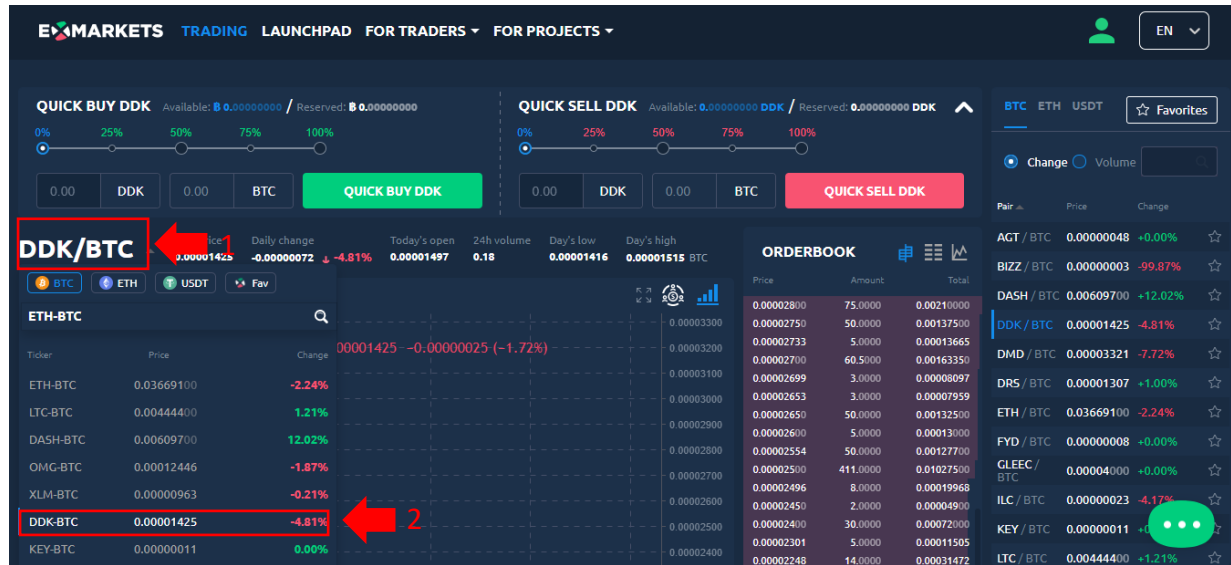

- It may take up to 1 to 2 hours for the blockchain to confirm the transaction.

2. How to buy DDK using BTC/ETH/USDT

Once your account has been funded by BRC/ETH/USDT, go to the “TRADING” page, and select a trading pair.

Step 1: Choose your pair either DDK/BTC or DDK/ETH or DDK/USDT.

Step 2: Check the last price for the pair.

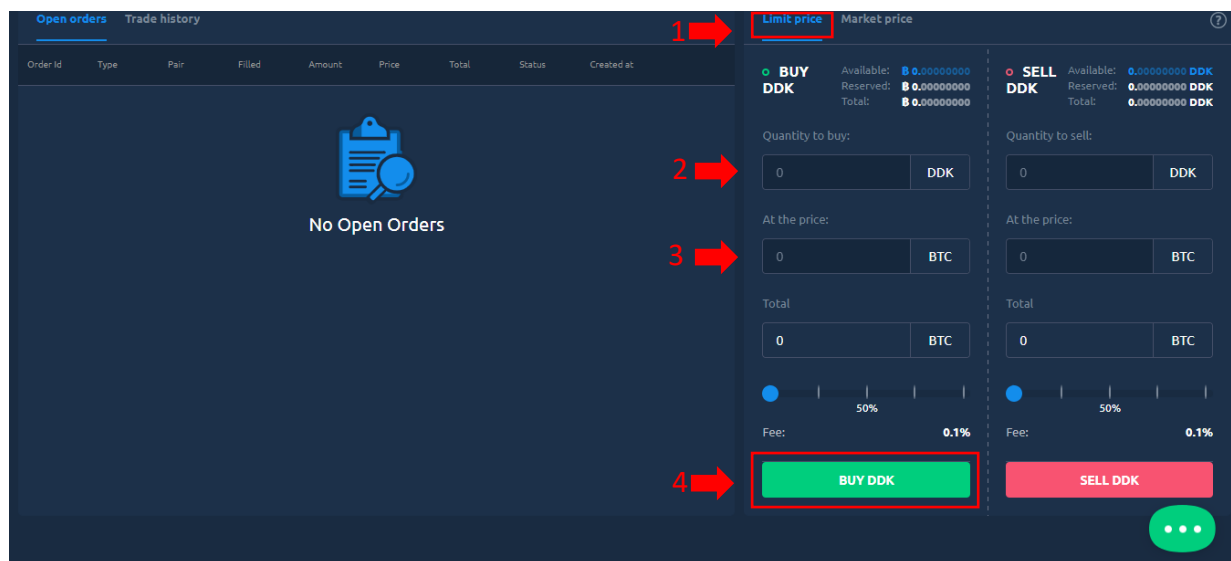

The screenshot shows the KOIN TRADING interface. At the top, there are tabs for TRADING, LAUNCHPAD, FOR TRADERS, and FOR PROJECTS. Below these, there are sections for QUICK BUY DDK and QUICK SELL DDK. The main area displays the DDK/BTC trading pair. A red box highlights the 'DDK/BTC' pair, and a red arrow points to it. Another red box highlights the last price '0.00001425', with a red arrow pointing to it. The interface also shows an ORDERBOOK and a list of other trading pairs on the right.

Step 1: Scroll down to the Limit Price Option

Step 2: Enter the amount of DDK you want to buy.

Step 3: Insert “At the price” section by copy and paste the last price at the top of Trading page.

Step 4: Click on “BUY NOW” button.

The screenshot shows the KOIN TRADING interface with the 'Limit price' option selected. Red arrows indicate the steps to place a buy order: 1. Select the 'Limit price' option. 2. Enter the amount of DDK you want to buy. 3. Enter the price (0.00001425) in the 'At the price' field. 4. Click on the 'BUY DDK' button. The interface also shows the 'BUY DDK' and 'SELL DDK' sections, with the 'BUY DDK' section highlighted.

Your order will be placed and when someone is selling the DDK, you will get the DDK in your account automatically.

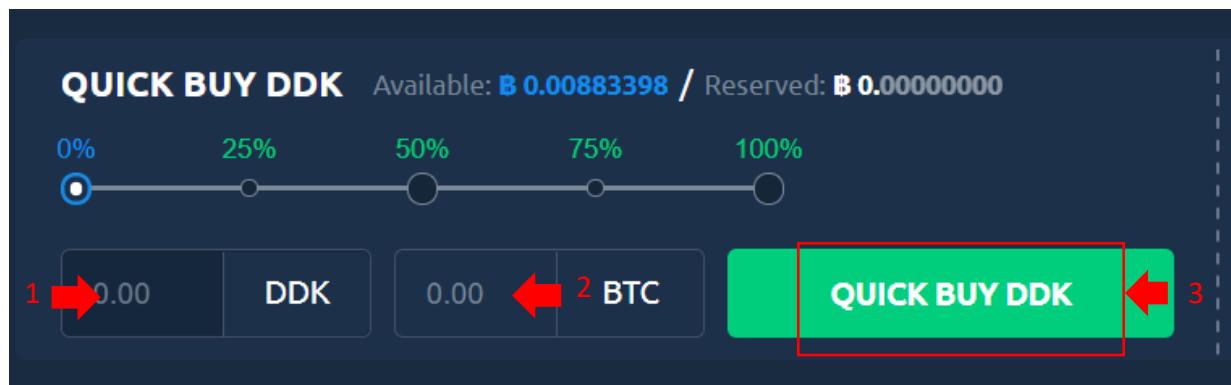

If you don't want to wait and want to have your DDK quickly, you may also buy it through the **Quick Buy DDK** section.

Step 1: Put the DDK amount that you want to buy.

Step 2: It will show the amount BTC/ETH/USDT you need to pay for the DDK you want to buy.

Step 3: Click on the "Quick Buy DDK" button then the order will immediately take place.

Through quick buy you don't need to wait for others to sell the DDK, you can immediately buy it. But there is a difference in the price range.

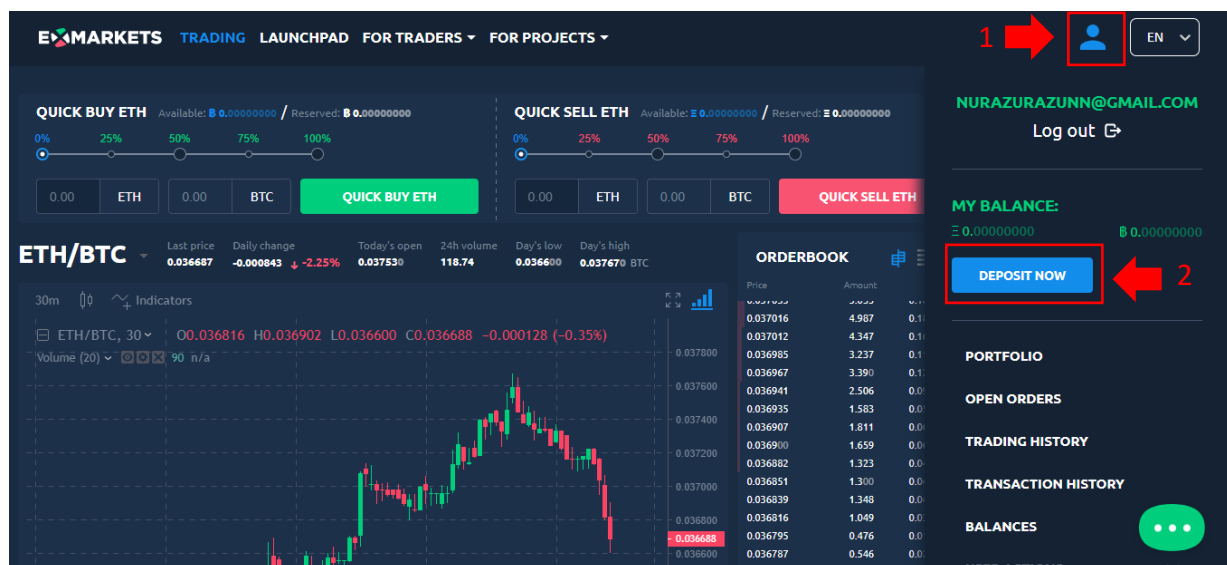

3. Withdraw DDK into Mainnet account.

Once you have your DDK in your ExMarkets account, you can withdraw it to DDK Mainnet wallet.

Users can keep their DDK in the mainnet wallet as storage or staked the DDK to gain staking rewards.
