

## STEP ON HOW TO SELL DDK IN HOTBIT EXCHANGE

by DDKoin Support

You can sell your DDK at Hotbit account by following these steps:

### 1. How to Send DDK to Hotbit Account

Step 1 : Go to DDK mainnet dashboard and click “**SEND**”.

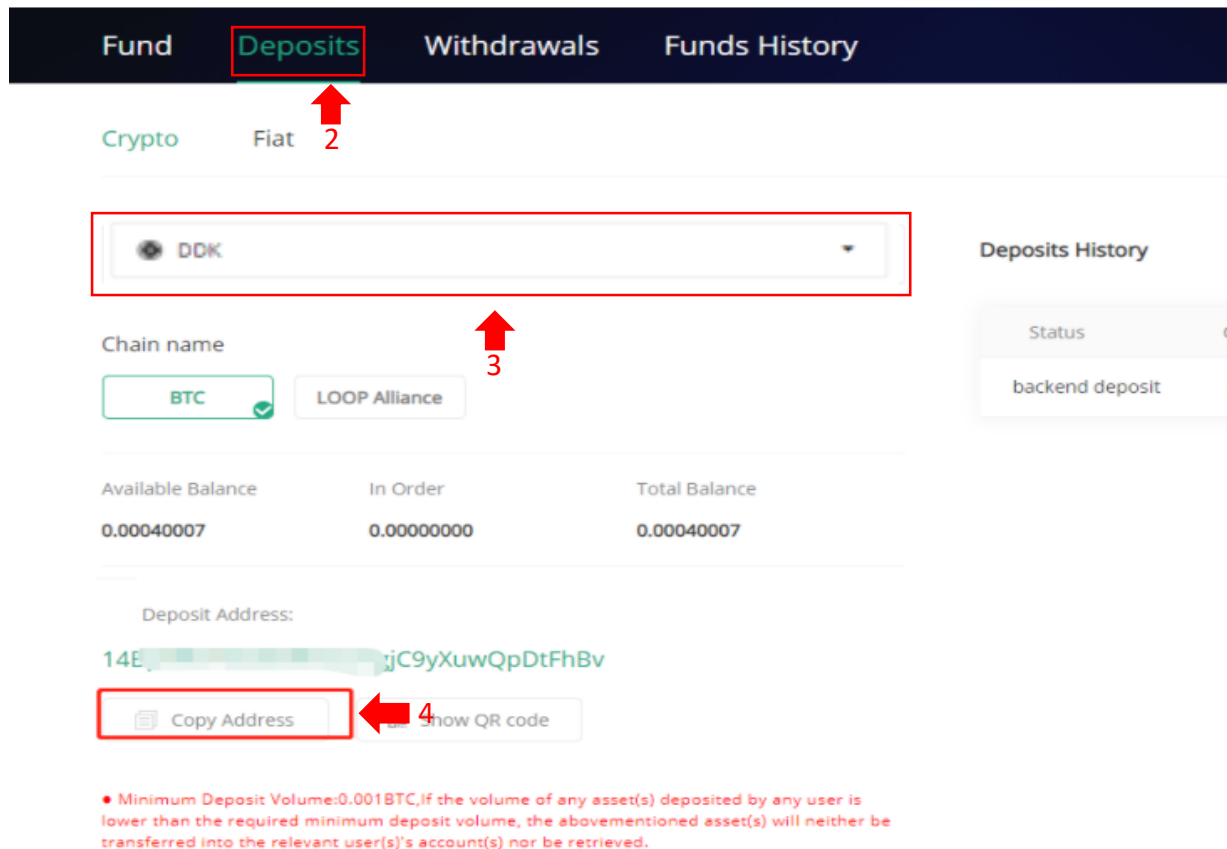

The screenshot shows the DDKoin mainnet dashboard. The top right corner displays '0 DDK' and two buttons: 'STAKE' and 'SEND'. The 'SEND' button is highlighted with a red box, and a red arrow with the number '1' points to it. The dashboard also features a sidebar with navigation links: Dashboard, Delegates, Blockchain, Stake, Referrals Chain, and Airdrop Statistics. The main content area includes a grid of statistics: Total Supply (45000000), Circulating Supply (16830874.7043), Token Holders (409736), Your DDK Liquid (0), Your DDK Frozen (0), Total Connected (7), Total Stakeholders (140442), and Total Stake Amount (14434967.3209). Below the grid is a section for 'Latest Transactions' with a table header: TRANSACTION ID, SENDER, RECIPIENT, TYPE, TIME, STATUS, and AMOUNT (FEE).

Step 2 : Copy your Hotbit address. To access your Hotbit address, log in your Hotbit account and click on “Deposit”.

Step 3 : Search for DDK.

Step 4 : Copy your deposit address.

The screenshot shows the 'Deposits' section of the KOIN interface. A dark blue navigation bar at the top contains 'Fund', 'Deposits' (highlighted with a red box and arrow 2), 'Withdrawals', and 'Funds History'. Below this, 'Crypto' and 'Fiat' tabs are visible, with 'Crypto' selected. A search bar contains 'DDK' (highlighted with a red box and arrow 3). Under 'Chain name', 'BTC' is selected with a green checkmark, and 'LOOP Alliance' is also listed. A table shows 'Available Balance' (0.00040007), 'In Order' (0.00000000), and 'Total Balance' (0.00040007). The 'Deposit Address' is displayed as '14E...jC9yXuwQpDtFhBv'. A 'Copy Address' button (highlighted with a red box and arrow 4) and a 'Show QR code' button are located below the address. A 'Deposits History' sidebar on the right shows a 'backend deposit' with a 'Status' column. A red note at the bottom states: '• Minimum Deposit Volume:0.001BTC,If the volume of any asset(s) deposited by any user is lower than the required minimum deposit volume, the abovementioned asset(s) will neither be transferred into the relevant user(s)'s account(s) nor be retrieved.'

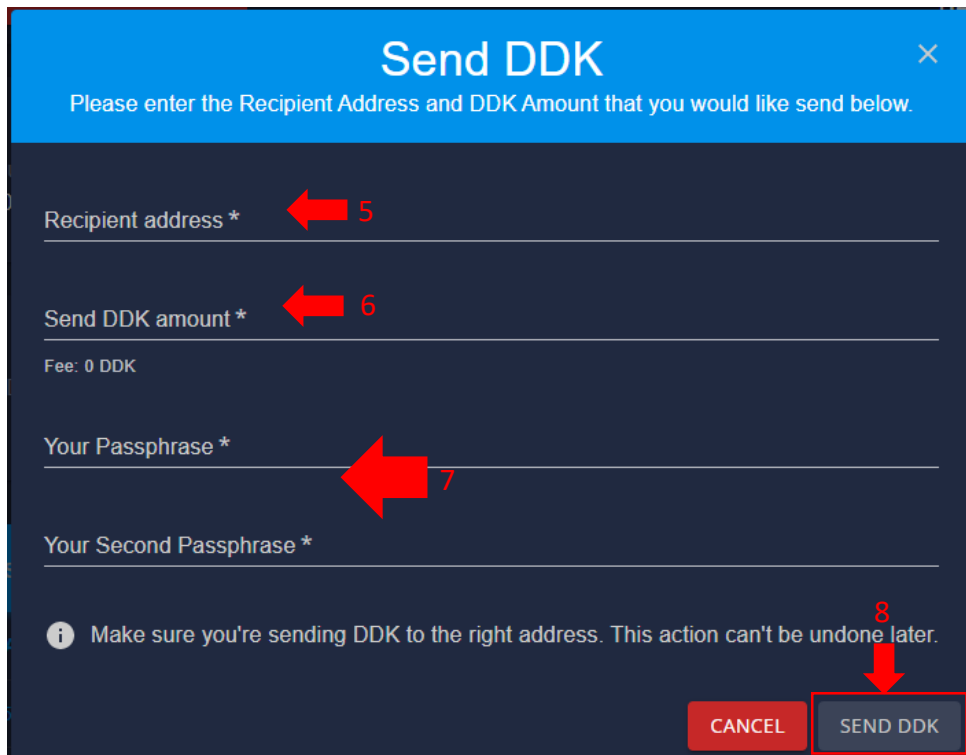

Step 5 : Enter your Hotbit address that you have copied.

Please **double check on the address** to ensure you put the correct address. Please note that this action cannot be undone once you click “SEND DDK”. Hence, make sure the address of the recipient is correct. DDK management will not be able to trace your DDK if it was sent to the wrong address.

Step 6 : Insert the amount of DDK that you want to send out.

Step 7 : Enter your 1<sup>st</sup>/2nd passphrases.

Step 8 : Click on the “SEND DDK” button to complete the sending process.

The screenshot shows a 'Send DDK' modal window with a blue header and a dark blue body. The header contains the title 'Send DDK' and a close button. Below the title is a instruction: 'Please enter the Recipient Address and DDK Amount that you would like send below.' The form has four input fields: 'Recipient address \*', 'Send DDK amount \*', 'Your Passphrase \*', and 'Your Second Passphrase \*'. Red arrows with numbers 5, 6, 7, and 8 point to these fields respectively. Below the input fields is a fee display: 'Fee: 0 DDK'. At the bottom, there is a warning message: 'Make sure you're sending DDK to the right address. This action can't be undone later.' and two buttons: 'CANCEL' and 'SEND DDK'. A red arrow with the number 8 points to the 'SEND DDK' button.

Note:

- Please make sure your DDK is enough as the fees for sending DDK is 0.01% from the send amount.

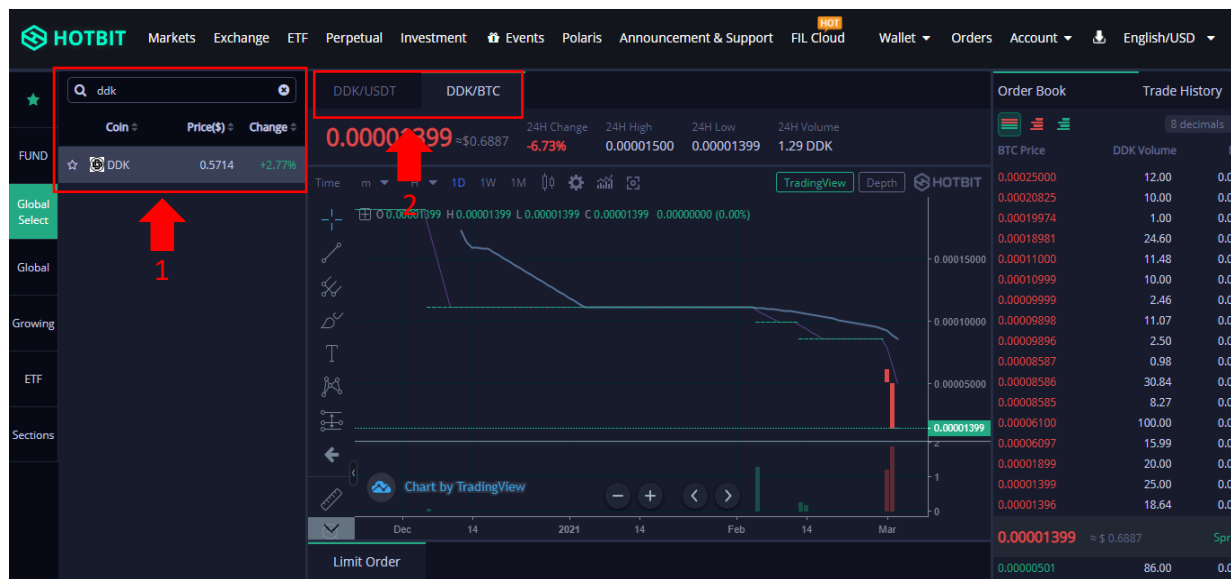

## 2.How to Sell DDK in Hotbit Exchange.

Please login to your Hotbit Exchange account.

Once your account has been funded by DDK, go to the “EXCHANGE” page.

Step 1 : Type in DDK in the search box and click on DDK.

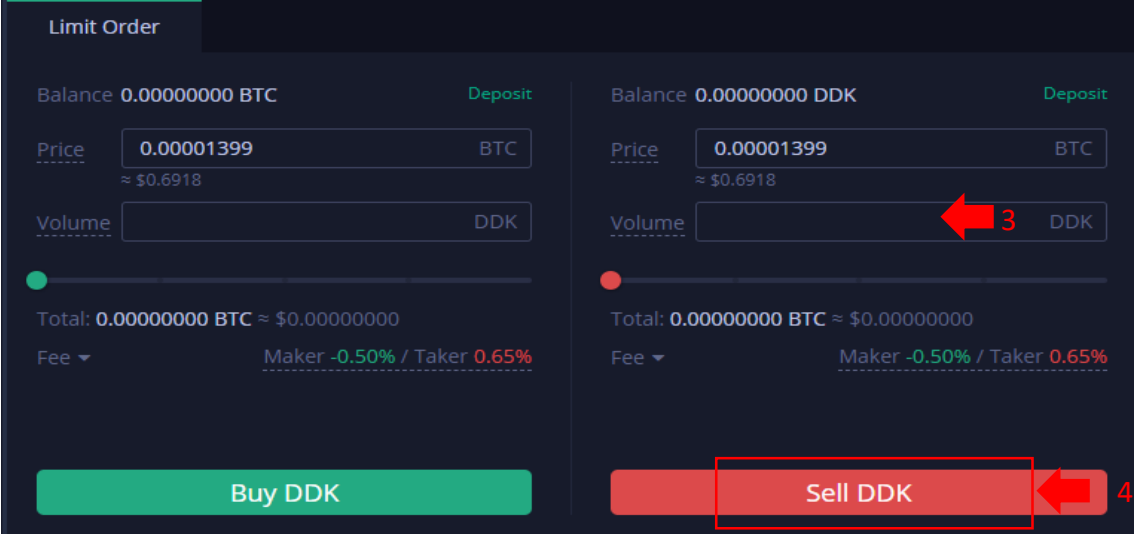

Step 2 : Select your pair either DDK/USDT or DDK/BTC.

Scroll down to the Limit Order.

Step 3 : Enter the amount DDK you want to sell.

Step 4 : Click on “Sell DDK” to proceed.

The screenshot displays the 'Limit Order' section of the KOIN interface, split into two panels for buying and selling DDK. Both panels show a balance of 0.00000000 BTC and a deposit option. The price is set to 0.00001399 BTC, which is approximately \$0.6918. The volume field is empty, and a red arrow labeled '3' points to it in the sell panel. The total for both orders is 0.00000000 BTC, approximately \$0.00000000. The fee is shown as Maker -0.50% / Taker 0.65%. At the bottom of each panel are buttons for 'Buy DDK' (green) and 'Sell DDK' (red). A red box and arrow labeled '4' point to the 'Sell DDK' button.

Panel	Balance	Deposit	Price	Volume	Total	Fee	Action
Buy DDK	0.00000000 BTC	Deposit	0.00001399 BTC ≈ \$0.6918		0.00000000 BTC ≈ \$0.00000000	Maker -0.50% / Taker 0.65%	Buy DDK
